## Destination

### Dubai

Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is extremely well known for its warm hospitality and rich cultural heritage, and the Emirati people are welcoming and generous in their approach to visitors. With year round sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls, fascinating heritage attractions and a thriving business community, Dubai receives millions of leisure and business visitors each year from around the world.

### Climate

Dubai has an arid desert climate-extremely hot and humid in summer, pleasantly warm in the winter. Although the fierceness of the summer heat starts to decline during September, days are still hot with temperatures usually in the upper 30's Centigrade (upper 80's Fahrenheit), so good for sunbathing on a beach or relaxing around the pool. The evenings are very warm and usually still rather humid so there is no need for coats or pullovers if you are outside, but a pullover or wrap is useful for the coolness of air conditioned interiors. You are extremely unlikely to see any rain during your stay, just 12 hours of sunshine.
